Additional Clauses Frequently Flagged in Diligence

1. Holdover rent set at 150% of last month gross rent for first 60 days, then 200% thereafter.
2. Assignment and subletting subject to landlord consent; profit-sharing on sublease income above current rent.
3. CAM and tax reconciliations invoiced annually; tenant has 18 months to challenge with audit rights.
4. SNDA required for lender non-disturbance; estoppel certificate delivery within 10 business days.
5. Restoration obligations capped only where explicitly amended; otherwise full restoration standard applies.

Diligence Watch Items

1. Early termination clause creates contingent liability if exercised.
2. Facade/signage contribution is embedded in rent from 2026 onward.
3. Expansion right exercise introduces blended-rate comparability issues in YoY occupancy analysis.
